REMARKS

Currently claims 1-34 are pending in the application. Claims 1, 2, 6-10, 15, 16, and 32-34 have been rejected and claims 3-5, 11-14 and 17-31 have been objected to. Claims 3-5, 17 and 18 have been cancelled. New claims 35-38 have been added.

Claims 3-5, 11-14 and 17-31 were objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The subject matter of claim 3 has been incorporated into claim 1 and amended claim 1 should be allowable. The subject matter of claim 4 has been incorporated into new claim 35 and should now be allowable. The subject matter of claim 5 has been incorporated into new claim 36 and should now be allowable. The subject matter of claim 18 has been incorporated into new claim 38 and should now be allowable. The dependency of claim 19 has been changed. All of the independent claims in the case are now believed to include subject matter indicated to be allowable by the Examiner. The rejections of the claims in this case should now have been made moot by this amendment.

It is believed that these changes now make the claims clear and definite and, if there were any problems with these changes, Applicants' attorney would appreciate a telephone call.

In view of the foregoing, it is believed that none of the references, taken singly or in combination, disclose the claimed invention. Accordingly, this application is believed to be in condition for allowance, the notice of which is respectfully requested.

Respectfully submitted,
